

Monday 15th January 2018

Dear Parent/Carer,

As part of the experience of NUAST, we encourage collaborating with the University of Nottingham and hospital on projects which will give students a better insight of the course content and its application in real life context.

On the 24th January, the university are putting on a series workshops which will explain the immunology side, specifically pupils will carry out an ELISA assay. This will cover content of the A-level course as well as broadening the student's appreciation of biology. Students will leave school accompanied by Mrs Cullingworth and Mrs Athow-Frost where we will be walking over to the university. For this reason, student should wear sensible footwear and bring a waterproof coat. We will be leaving at 8:30am and be back at 1:40pm.

In order for your child to go to the university we will need the permission slip returned as well as the Confidential Parental Consent Form as soon as possible but no later than **9.00am on 22nd January**. Without either of these they will not be allowed to go on the university.

If you require any further details please contact NUAST reception.

Yours Faithfully

Mrs Barnett
Head of Science

Student Name _____

I consent to my child walking over to the University of Nottingham for the visit on
24th January 2018.

Parent Name: _____

Parent Signature: _____

Date: _____
